

Impact Report 2026

Our Impact Report 2026 highlights the ground-breaking work we have supported to deliver improved patient outcomes and boost our local economy.

It illustrates the impact our work is making through strong partnerships with the NHS, local authorities, academia, industry and the communities we serve.

The report also describes how our successes in the last year reflect the ambitions set out in our newly published strategy, [Powering the future of health and care innovation](#).
